

What We Do:

We manufacture -

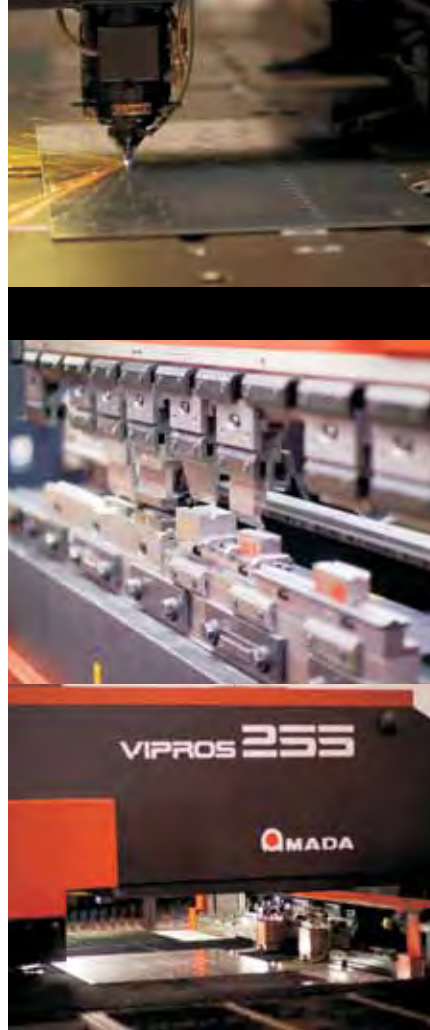

- Perforated Metal
- Precision Fabricated Sheet Metal Products

What We Offer:

- Flexibility
 - Delivered Pricing
 - 7 days a week processing
 - 24 hour turn around service available
 - Standard and Custom Applications
- Shortest lead Times in the Industry
- Ability to provide complete fabricated & perforated products
 - Laser
 - Shearing
 - Forming
 - Hardware Insertion
 - Assembly
 - Rolling
 - Welding

Markets Served:

- Agricultural
- Air Flow Filtration
- Automotive
- Distribution
- Dryer Flight
- Electronic Enclosures
- Food Service
- HVAC
- Heavy Equipment
- Industrial & Machine
- Lighting Decor & Diffusers
- Medical
- Mining & Aggregate
- Non-Air Flow Filtration
- Sound Abatement
- Telecommunications
