walls

Custom powerlift partitions

SLOPED

STEPPED

Vertical and horizontal panel joints are aligned with steps and other architectural features in the room.

Bottom panels and seals are contoured to match the shape of the stepped or sloped floor.

STATE-OF-THE-ART ACOUSTICS

With a simple turnkey operation, a stepped powerlift partition divides a lecture hall down the middle of the access stairs.

SKYFOLD CLASSIC IS THE ACOUSTIC SOLUTION THAT REDEFINES SPACE, ENABLING PEOPLE ON ONE SIDE OF THE PARTITION TO ENJOY COMPLETE SILENCE, EVEN THOUGH THERE MAY BE AN ACTIVITY THAT GENERATES A LOT OF NOISE RIGHT ON THE OTHER SIDE.

Ideal for stepped floors, sloped floors or a combination of the two

Excellent acoustic properties:
STC acoustic rating of 51

Tight, pliable internal end seals
for noise reduction without wall
or floor tracks

SKYFOLD® LIMITED WARRANTY

WORKMANSHIP: 2 years or 5,000 cycles, whichever occurs first from date of shipment
PARTS: extended warranty on parts is available (10 years/5,000 cycles)

THE IDEAL SOLUTION FOR CONCERT HALLS, THEATRES, CONFERENCE ROOMS, LECTURE HALLS, AUDITORIUMS, OR ANY LARGE SPACE THAT NEEDS TO BE QUICKLY AND QUIETLY DIVIDED ALONG STEPPED OR SLOPED AREAS.

	Rigid, flat, durable
	Retracts into ceiling when not in use
	Save on heating, cooling and lighting costs

ENERGY EFFICIENT

Sloped and Stepped applications

AVAILABLE IN PRACTICALLY

ANY FINISH: vinyl, fabric, specialty metals, plastic laminates, tapestry, murals, wood veneer and more.

Up to 36 feet high (11 m)

Unlimited length

Remarkably lightweight

UNIQUE SPACE. EXCEPTIONAL DESIGN.

REDEFINE YOUR SPACE WITH A CUSTOM, LIGHTWEIGHT SKYFOLD WALL
FEATURING OUTSTANDING ACOUSTICS. FROM SIMPLE TO HIGHLY COMPLEX
ROOM DESIGNS, DIVIDING ANY SPACE CAN BE EASILY ACCOMPLISHED TO
CREATE BEAUTIFUL, PRACTICAL NEW SPACES.

SKYFOLD'S EXCLUSIVE LINE OF POWERLIFT WALL SYSTEMS PROVIDES A UNIQUE WAY TO SUBDIVIDE SPACE. OUR CUSTOM BUILT SYSTEMS ARE COMPLETELY AUTOMATIC AND RETRACT INTO A CEILING CAVITY WITH A SIMPLE TURNKEY OPERATION.

- ❖ **CLASSIC** Offers privacy with exceptional acoustics
- ❖ **MIRAGE** Brings in the light with your choice of transparent panels
- ❖ **MIRAGE XT** A weatherproof glass-partitioning system for exterior use
- ❖ **ECLIPSE** A featherweight solution that simplifies space division

Skyfold is pleased to be an official member of the U.S. Green Building Council. The Green Council is committed to promoting better designed buildings that are not only more environmentally and socially responsible, but also help improve the quality of life for those who occupy them and the communities in which they are built. The Council has developed a benchmarking system known as LEED (Leadership in Energy & Environmental Design). When it comes to recycled materials, architects and owners who choose a Skyfold Custom Powerlift Partition system can calculate the following toward LEED accreditation on their projects.

- Recycled materials Up to 97%
- Post-consumer Up to 27%
- Pre-consumer Up to 50%

In order to continue protecting our environment, it is essential that we all do our part by using recycled materials whenever possible. Skyfold is proud to help.
